Complete Narrative

Narrative:

E7 was called to this address on a still alarm for a occupant that had a small fire on her porch that they extinguished but was concerned it was still smoldering. E7 arrived to this address to find nothing showing and occupants out back of structure. This was an upstairs apartment and occupant stated that she had been out on the porch smoking and put her cigarette out and placed it in a plant sitting on the porch. Occupant smelled something burning a short time later and came out to find plant was on fire. A neighbor (Kenny Hendrick) came up with a fire extinguisher and put the fire out and removed the planter. E7 found that the fire had charred and burned the porch top railing and the outside of the porch and eaves. E7 crew opened up the charred areas and found them unburned and clean underneath. NO extension was found by E7 crew. Top railing was burned the most and was still scoldering. E7 crew soaked areas with water to cool several times. Occupant had contacted owner but he was unavailable to come to the scene. He was going to come by later this evening. Information was gathered and occupant told us she was going to be home for the day. E7 advised her to keep an eye on things and if she felt the need to call us back, E7 returned to service.
